Re: NRC License #45-11035-01

To Whom It May Concern:

At this time, we request the addition of Granville Batte, M.D. to NRC License # 45-11035-01. We ask that he be added to the above stated license and authorized for medical use as described in 10 CFR 35.100, 35.200, 35.300 and 35.400.

For documentation of training and experience, please refer to NRC License # 039-0642-1. Dr. Batte was previously authorized for the above medical use categories under this hospital-based license.

With this amendment request letter, I am enclosing a copy of my certificate of completion from the Radiation Safety Academy in Gaithersburg, MD. In amendment No. 38 of our license, I was appointed RSO for this facility. In the amendment request letter for that amendment, we specified my attendance at a course for additional RSO training. Please accept this certificate of completion as documentation in support of satisfaction of the statements made in that letter.

As always, if I can provide any further information, please do not hesitate to contact me at (757) 395-8920.

Respectfully submitted,

Blair W. Mazzocco
