Dear Sara:

The following is in regard to both your conversations with myself and with our Radiation Safety Officer, Michael Teters:

- A letter from Dr. Habif attesting to the fact that Michael Teters has a level of radiation safety knowledge sufficient to function independently as an R.S.O.
- Mr. Teters' Nuclear Board License
- Documentation from both Dr. Adrienne Greenblatt and Dr. Howard Kirzner of their Continuing Medical Education.

If you require any additional information regarding this matter, please don't hesitate to contact me.

Very truly yours,

Pat Pannacciulli

Re: License renewal for Teaneck Radiology Center, L.L.C.

Dear Sirs;

Please be advised that Michael Teters, M.S. has worked as a nuclear/radiation physicist at Teaneck Radiology Center under my supervision for approximately 5 years now while I have been the Radiation Safety Officer. I believe he not only has the necessary training and credentials, but also the knowledge and judgment to assume the role of the Radiation Safety Officer (RSO) for this facility.

Sincerely,

David V. Habib, Jr., M.D.
