Subject: HRA/PRA OpManAx Workshop (1/22-23)

Since Dick Eckenrode retired, Jim and I were thinking of inviting a second non-PRA human factors expert from RES to serve in his place. Jim suggested the following names. If you don't see a problem (should I go through Erasmia or Hossein since the workshop is an RES endeavor?), I'll forward to Erasmia/Hossein so she/he can invite to the meeting (without a User Need statement).
