SUBJECT: Question re: license amendment

SUMMARY

I called Ms. Atkiels at Cardinal Health to verify that Carrie Connahan was listed on their list of Authorized Nuclear Pharmacists (ANPs). She confirmed that Cardinal Health does name its own ANPs and they are not individually listed on the Cardinal Health license (No. 04-26507-01MD). She further indicated that Ms. Connahan had been listed since 02/03. Based on this, I will proceed to list her on the Mallinckrodt license as requested.
