Tony/Bonnie

The attached letter from Susanne Stempel AEA Technology QSA GmbH references an attached drawing: "Pls find attached the current drawing VZ-2530 for your consideration." The NRC has requested a copy of this drawing, but I am unable to find it in the attachment. Please send me a copy of this drawing as soon as possible.

Ms. Strempel's letter is an attachment inside the attachment from Duncan [duncan@hightechsource.co.uk]. It could be the drawing was sent as an attachment to Ms. Strempel's e-mail, inside Duncan's attachment, inside your e-mail and got lost in the attachment process. If possible please forward the drawing only one attachment deep.
