<b>Subject:</b> delay in termination		
<b>Summary:</b>  Licensee had hoped that license would be terminated by the end of the year but OGC (legal) has some questions regarding wording in either the FRN or FRN memo. As such, I called licensee to inform them of the delay and that my supervisors would work through this matter once everyone returned from their holiday. Licensee was grateful for the telephone call and asked to be kept informed. We hope to have this matter resolved in a timely manner and terminate the license by the end of January 2005.		
<b>Action Required/Taken:</b> Need to have Branch Chiefs resolve issue with OGC
