Subject: Failure to submit a renewal application or terminate the license.		
<p><u>Summary:</u> Mr. Constant stated that he is currently working on the renewal application and might have it ready by the end of next week. I informed him that regulations required that a renewal application or a termination request be submitted to the NRC 30 days prior to the expiration date of the license. I requested that he send in a letter informing the Commission of the company's intent to renew the license and that a complete application would be submitted as soon as it was completed. This would ensure that the license would be in timely renewal and would not expire. Mr. Constant stated that he would draft such a letter and send it in.</p>
