AMENDMENT, CONTROL NO. 135866

Dear Mr. Clark:

This concerns the subject application for an Amendment to your material license to add an authorized medical physicist. Because your Radiation Safety Officer, Andy Bukovitz, informed us that you are unable to document one year of full-time training in therapeutic radiological physics for this individual, we have voided your application. This action is taken without prejudice to the resubmission of your request.

Sincerely,
