Subject: Additional Information Needed			
<p>Summary:</p> <p>The licensee submitted a request to add a source to their license. Additional information is required to identify the source and device. On 12/16/04 the RSO stated the only information available was that it was a Barber-Coleman/ INDEV source, UN2915, 4943-2001, INV411000-000-10-00. No source or device could be identified in the SSD registry with the information provided. The hard copy notebooks were also searched and the source was not identified even in the inactive sheet.</p> <p>I informed the RSO that the source could not be added to the license without proper identification on the SSD. The RSO stated that he will need to make additional phone calls and get back to me.</p>
