

TELEPHONE CONVERSATION RECORD	Date: 1/31 and 2/1 - 2/2005	Time: Various
Mail Control No.: 136095 Inspection No.: N/A	License No.: 07-00455-27	Docket No.: 030-03859
Person Called: Keith Swain, Acting Radiation Safety Officer	Licensee: E.I. du Pont de Nemours & Co., Inc.	Telephone No.: 302-695-6853
Person Calling: Steven Courtemanche/(610) 337-5075		
Subject: Request for additional information.		
<p><u>Summary:</u> 1/31/05 Mr. Swain left a message on my voice-mail indicating that he had received my request for additional information on the Nuclear Products Model IB 4500.</p> <p>2/1/05 Mr. Swain called and left a message on my voice-mail indicating that there were no records available showing the disposition of the Nuclear Products IB 4500 static eliminators. He spoke with Augusto Cardova, a previous RSO, and he had no recollection of the devices. The RSO prior to Mr. Cardova could not be contacted as she had retired and there was no forwarding address. There were many records of static eliminators being returned to the manufacturer, including those manufactured by Nuclear Products, but none for the Model IB 4500 which were received in the 1984/5 time frame.</p> <p>2/2/05 I left a message on Mr. Swain's voice-mail requesting that he supply a letter to us for review documenting the actions taken to determine the disposition of the IB 4500 unit(s). Due to the nature of the material, its half-life of 138.4 days, and the amount of time that has past; the licensed material is not deemed a hazard to the public and the licensed material authorization will be removed from the license.</p>		
Action Required/Taken: Place into ADAMS.
