

## NOTE TO FILE

Licensee: Abington Memorial Hospital  
License No.: SNM-1412 (pacemaker license)  
Docket No.: 07001402  
Mail Control: 136055

On 11/19/04, licensee requested to terminate this license and submitted documentation of return to vendor of two sources. At the time of this request, license authorized one source. The following timeline explains the sequence of events

1995: Amendment No. 6 issued, authorizing two sources.

5/21/2004: 5T inspection. Licensee stated they were following one patient and the other source was recently explanted and returned to manufacturer. Licensee was awaiting documentation of source receipt from manufacturer to submit to NRC.

6/10/2004: Licensee submitted amendment request to change physician responsible for follow-up/ explantation/return to manufacturer. Request also stated that one source was explanted on 3/25/2004, but did not submit documentation of source receipt by manufacturer.

7/28/2004: Amendment No. 7 issued, changing responsible physician and reducing number of sources authorized to one.

11/19/2004: Licensee submitted license termination request, including documentation of receipt by manufacturer of two sources: one on 4/9/2004 and one on 8/9/2004. The source received by the manufacturer on 4/9/2004 is the same one that was explanted on 3/25/2004 and removed from the license in Amendment No. 7.

License termination, Amendment No. 8, will be issued in February 2005.
