Thank you for the timely response. We will therefore list Dr. Garcia as RSO. Normally a fax or letter signed by a senior manager is needed for a legal record. Our fax is 610 337-5269. Please refer to Mail Control # 136210.

Thanks again.

Thomas,

Thanks for the note. Please note Rolando García, RPh, BCNP as the Radiation Safety Officer of San Juan Site. I'm the Associate Director for Puerto Rico Operations and the senior Rx manager responsible for the radiopharmacies. Please advise if I further need to reply by fax or if this mean is valid.

Thanks you in advance.

Joel Cordero, RPh, BCNP

>I have reviewed your December 27, 2004 request to increase I-131 possession. In making the requested changes several other changes need to be made to bring your license up to date with Region I's current licensing policy. Although your previous license listed multiple Radiation Safety Officers (RSO) , NRC only holds one RSO as responsible even though other individuals may be delegated RSO duties. Please indicate which RSO is to be listed on the license.
