Jim,

The DEP concurs with the conclusion of the EA. As I have told Kathy, we will be conducting a confirmatory survey of the facility in the near future. This will be performed by a member of my staff. If you have any questions please let me know. I will be on vacation after today until the 23rd.

Mike Firsick
Supervising Radiation Control Physicist
Environmental Surveillance and Restoration Section
CT DEP Division of Radiation

Denny,

See the attached.

Nice talking with you again.

jim
