<p>SUMMARY:</p> <p>2/16/05, 11:10 am; Conacted Bob Caracciolo in the place of Don Cammerata, the RSO, who is on vacation. I left a message on his voicemail.</p> <p>2/17/05, 10:01am - Dr. Caracciolo returned my call. I asked him to verify that the tritium sources used were for the calibration for photomultiplier tubes as stated on the license. His response was yes. I also asked him to send a statemet verifying that they have a procedure in place for material accountability.</p> <p>The authorized users listed on the renewal application were diferent from the license. I asked him to verify that the following individuals should be removed: A Spangenberg, J. Wright, R. Groff, D. Mendenhall, And T. Ulaky. It turns out that two of the above named individuals should remain on the license. I asked him to submit a complete list of authorized users also stating who should in fact be removed from the license. Dr. Caracciolo stated that he would fax the additional inofrmation tome. I provided him with the fax number.</p>
