| Subject: Termination request | | | |
| Summary: Regarding the above, I explained to Mr. Montes that he would need to submit documentation of confirmation receipt for the Sr-90 source, and a copy of the last leak test in order to terminate the license. He stated that he is pursuing disposal of it but has been unsuccessful to this date. I told him that they could request to keep the license "for possession only" if they cannot dispose of it in the short term. | | | |
