Person Called: Janice Nguyen, Radiation Safety Officer	Licensee: Integral Nuclear Associates, L.L.C.	Telephone No.: 610-993-1640 X208

Subject: Telephone RAI.		
<p><u>Summary:</u> 3/7/2005 08:30 I left a voice-mail message indicating that the authorization for the two physicians on the February 10, 2005 amendment request were for PET. PET activities are not regulated by the NRC and I wanted to know if the licensee wanted the physicians to be authorized for anything else. If so, the qualifications listed for Dr. Debora Fineman were more than seven years old and more recent experience would need to be submitted.</p> <p>At an undetermined time, Janice Nguyen, contacted me and left a voice-mail message. She stated that the two physicians were to only be authorized for PET activities. Thus, there was no longer any need for the two physicians to be added to their NRC license. She requested a call back to affirm if anything needed to be sent to the NRC in writing requesting the deletion.</p> <p>3/11/2005 10:00 I returned Ms. Nguyen's phone call. I informed her that it would not be necessary for her to send in a letter requesting the change in the amendment request. I would take care of the matter by logging the information in ateephone conversation record. I thanked her for her attention to the matter of the deficiency.</p>
