> In September 1997 PPD, Inc. (PPD Pharmaco at that time) contracted
> with RSO, Inc. to perform a decommissioning survey of the facility
> at 2246C Dabney Circle. The final report was published in October
> 1997. PPD Pharmaco submitted an amendment request to the Nuclear
> Regulatory Commission (NRC) on November 18, 1997 requesting that
> 2246C Dabney Circle be removed as an authorized use location from
> their NRC license.
>
> The NRC conducted an inspection and confirmatory survey at this
> facility on January 13, 1998. A letter from the NRC to PPD
> Pharmaco dated February 25, 1998, informed the licensee that no
