Subject: RE: Environmental Assessment for Allegheny General Hospital

Sandy,

The DEP has reviewed the subject EA and agrees with the conclusions and Finding of No Significant Impact (FONSI). It should be noted that DEP did not perform a confirmatory survey as is done for many license terminations due to the time that has elapsed since the licensee's Final Status Survey and the radio nuclides involved.

Duncan White just taught me how to e-mail these as PDF files, so there may be no need to fax. Please let me know if you have any problems viewing these. Thanks.

Sandy,

The search for ADAMS Accession Numbers for Reference 2 and 3 came back with no records found. Are these accessible to the public? If not available in ADAMS, can you send them to me directly?
