<b>Subject:</b> confirming change in proposed activities		
<p>I contacted Mr. Kessler after receiving the letter dated March 16, 2005. This letter indicates a change in their proposed licensed activities compared to the original letter dated December 31, 2004.</p> <p>Mr. Kessler confirmed that, based on my request for additional information, they have decided to reduce the scope of the activities. At this time, they will limit their need for the license to be possession of the devices containing a licensed source, in order that they can replace circuit boards in the device, that are unrelated to the licensed source. They will NOT be replacing the sources in the devices as originally requested. They may apply to do so at some time in the future.</p>		
<b>Action Required/Taken:</b> Issue license.
