Licensee/Applicant Participant(s): Jerry Rosen, RSO	Organization: Univ. Of Pittsburgh	Telephone No. 412-624-2728
Person(s) Calling: Randolph C. Ragland, Jr., 610-337-5083		
Subject: RAI for NRC License 37-00245-09 Renewal Application dated 8/30/2004		
<p>Summary:</p> <p>I requested Mr. Rosen to provide the following information:</p> <ol style="list-style-type: none"> 1) If the University of Pittsburgh Medical Center wanted to eliminate the exemption to 10 CFR 35.615(f)(3) received in NRC License 37-00245, Amendment 20, they would need to request it in writing (e.g., fax). 2) If the UPMC has made a final decision to not reload the Type U gamma knife, they will need to provide an update of their decommissioning cost estimate. 3) If Zhen Zheng, PhD. will no longer be acting as an Authorized Medical Physicist (AMP) on the license, then UPMC should request his removal from the license. <p>Mr. Rosen acknowledged my request and stated that he would like to add a new AMP with this license renewal. I stated that NRC could likely renew his license within a week of him submitting the requested information.</p>		
Action Required/Taken: Mr. Rosen indicated that he would provide the requested information.
