looks good to me. Send in all of the info.

Thanks,
Kathy

Kathy:

I am still standing by for your response to this e-mail. I have all the rest of the documentation for the sources we disposed of previously as requested but am awaiting your response to the CDV-797 question.

Thank-you,
Dana Conover

Dana,

Let me run this past my management and I will get back to you. My supervisor is out today and we have Monday off. So you may not here from me until Tuesday.

Kathy

Kathy:

Attached below please find an e-mail from Mr. Vern Wingert's response to my question regarding the disposition of the CDV-797 Calibrator listed on my NRC license. Can you use this information to insure that this CDV-797 was in-fact the very same CDV-797 also listed on the CT NRC license?

Please let me know what you were able to find out.

Sincerely,
Dana Conover

Dana-

I found the record that you inquired about in our RAD Database. So I believe this is the info you need:

Type: CDV-797

Ram ID: 271

License

Status: Transferred to US Army CECOM license on 7/10/97; NRC 29-01022-06.

With the NRC code, the Commission can look this up to verify that source was transferred to US Army.

Let me know if you need anything else.

Vern
