I have reviewed your request today and have some additional questions as follows:

1. Please indicate the vessel names and home ports for those research vessels using byproduct materials.
2. Will the research be limited to in-vitro tracer studies?
3. Please confirm that no byproduct materials will be discharged overboard.

You may reply by facsimile to 610 337 5269 and refer to Mail Control 136770.

Thank you in advance.
