Subject: Request for Additional Information		
<p>Summary:</p> <p>I asked the licensee's representative for additional information regarding the recent application for a material license (dated 3/1/05).</p> <ol style="list-style-type: none"> <li>1. The application for the NRC license was signed by Andrew Friedman, D.O. What is Dr. Friedman's title/role in the company? Mr. Payne stated that Dr. Friedman is one of the owners of the facility.</li> <li>2. The application for the NRC license contained two separate pages marked as "page 2." The only difference appeared to be the Authorized User (AU) listed on each page. The first page 2, listed the AU as John V. Calce, M.D. The second page 2 listed the AU as Lakshmi D. J. Mizin, M.D. Mr. Payne told me that the second page 2 was a mistake, and the valid page 2 was the first one with Dr. Calce listed as the AU. He further stated that Dr. Mizin should not be listed as an AU for the facility.</li> <li>3. The facility diagram did not indicate what was above or below the areas of use. Mr. Payne told me that the building was a 1-story building, so there was nothing above or below the areas of use.</li> <li>4. The licensee's application stated that "We have developed and will maintain written procedures for area surveys in accordance with 10 CFR 20.1101 that meet the requirements of 10 CFR 20.1501 and 10 CFR 20.1301." Mr. Payne stated that there was a typographical error and 10 CFR 20.1301 should be replaced with 10 CFR 35.70.</li> </ol>		
Action Required/Taken: Prepare the license for issuance.
