Dear Dr. Subhash:

It is my pleasure to write this letter supporting Dr. Stafford Warren's application for nuclear medicine privileges. I have read with him personally for many hours and find him to be a knowledgeable operator. It is my understanding that he has completed the 50 hours of didactic teaching as well as the 700 hours of nuclear reading.

Sincerely,

Donald R. Lilly, M.D., F.A.C.C.

To Whom It May Concern:

Dr. Stafford Warren has read over 350 myocardial perfusion scans with supervision in the past two years. These readings have been under the supervision of Dr. Robert Smith, Dr. Gordon Depue and myself.

I have read multiple studies with Dr. Warren and found him to be a competent and accurate interpreter. I feel that he is capable of interpreting cardiology nuclear studies independently. I have also seen certification that he has completed all of the requirements for the nuclear physician licensing course.

Sincerely,

Don R. Lilly, MD
