Dear Mr. McKinley,

This letter is to inform you that our long time health physicist, Alexander Filimonov, Ph.D., has officially retired from all physic services effective February 5, 2005. Alex was a very good physicist and a pleasure to work with. He will be missed.

Porter Medical Center will be contracting the services of a new physicist by the name of Arthur J. Curtin-Savard, Ph.D, DABMP. Arthur works for "Cardinal Medical Physics Services, LLC" located in Bow, New Hampshire. Porter's first inspection with Arthur is due to occur in August 2005. I have enclosed copies of Arthur's credentials. Please notify me if you have any questions, or concerns with the contracting of this new physicist.

Sincerely,

Steve Sweeney  
(Director, Porter Radiology)

Dear Dr. Curtin-Savard:

After reviewing your credentials the Division has determined that you meet the initial qualification requirements described in Section 900.12(a)(3)(i) of the final regulations which went into effect on April 28, 1999. A copy of this letter may be provided to your facility as documentation that these requirements are met. For MQSA documentation purposes, you will also need to supply all facilities where you provide mammography services a copy of your current State approval, State license, or Board certification. Please be aware that if your State approval, State license, or board certification expires after a certain period, you must provide to your facilities a new copy of the documentation after each renewal. Failure to provide your facility with proper valid documentation may lead to a citation.

From the information provided for our review, your starting date for meeting your continuing education and continuing experience requirement is April 13, 2003. If you have any further question on this, please contact Dr. Walid Mourad at 301-594-3778.

Sincerely yours,

John L. McCrohan, M.S.

## CERTIFICATE OF ATTENDANCE

The Johns Hopkins University School of Medicine  
certifies that

**Arthur J Curtin-Savard, PhD**

has participated in the educational activity titled Breast Imaging Physics Symposium at the Johns Hopkins University SOM, Thomas B Turner Bldg, Baltimore, Maryland on 9/12/2003 - 9/13/2003. The activity was designated for 13.25 AMA PRA category 1 credit(s).

This included 8.75 hrs in Digital Mammography, 3.0 hrs on Screen-film Mammography  
and 1.5 hrs on Stereotactic Breast Biopsy.

The Johns Hopkins University has approved this course for 1.325 Continuing Education Units (CEUs)(13.25 contact hours) for non-physicians.
