I have completed a preliminary review of your application and have a few questions as follows:

1. Do you want the authorization for disassembly for Subitems 6.A. and 6.B. both ?
2. Is the training received by both proposed authorized user candidates that which you committed to provide in your July 17, 2004 letter?
3. I note that you have indicated your March 25, 1994 application that you have fire suppression equipment , however, in the event that a problem occurs in burning the tracer what provisions do you have for bioassay of individuals who could be exposed to airborne activity?

You may reply by facsimile to 610 337-5269 and refer to Mail Control 136937.

Thank you in advance.
