| <p><b>Subject:</b> I called the licensee to discuss naming Gopal Sarngadharan as an authorized user. Mr. Sarngadharan has limited experience working with radioactive material especially at the levels of activity on the license (H-3 &amp; C-14 50 mci each). We agreed that Mr. S. could be approved as an authorized user and Signum would have him work under an authorized user &amp; the RSO for three months to gain additional experience. They will fax this commitment to me.</p> |                                   |                            |
