Re: David Cohen, M.D.

Dear Dr. Boston:

In response to a request by Dr. Cohen, LRMC Administration agrees to grant permission to allow Dr. Cohen to use licensed radioactive materials as a Visiting Authorized User (VAU) under Florida Administrative Code 64E-5.609 for a maximum of 60 days per year. Uses are limited to those listed under FAC 64E-5.626, "Use of Radiopharmaceuticals for Uptake, Dilution, and Excretion Studies" and 64E-5.627, "Use of Radiopharmaceuticals, Generators; and Reagent Kits for Imaging and Localization Studies".

This permission is based upon the fact that Dr. Cohen is currently listed on United States Nuclear Regulatory Commission Radioactive Materials license 45-00317-02 and becomes effective when Dr. Cohen obtains temporary/permanent radiology privileges at LRMC for nuclear medicine.

Please do not hesitate to contact me if there are any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Janet Fansler".
