Dear Ms. Janda:

As per our conversation to amend our license, I researched NUREG-1556, Vol. 1, Rev.1, Appendix B-3 for the standard language. Things sure have changed over the past 10 years in your licensing format; now the requested information is all so generic whereas previously you had to have the assistance of an attorney to assure the correct verbiage was used. In our license under Conditions number 11, I am requesting that you remove the names: R.B. Lawson, G.S. McGann, and G.L. Bunch. VDOT does not wish to train individuals in the safety of portable gauge usage anymore.

VDOT wants to amend Item 11 to read: Licensed material shall be used by or under the supervision and in the physical presence of, Paul M. Baldwin, Jr. (RSO) or in his absence, Robert V. Casper or other individuals who have been trained in the standard operating and emergency procedures and have satisfactorily completed a portable gauge manufacturer's course or equivalent.

I understand that the new license, when issued, will have the standard wording on it from Appendix B, but this letter shall remain on file verifying the changes requested. Our license is currently being renewed, (control # 136718) could you incorporate this into our renewal license please. Thank you for your assistance with these issues. If you have any questions, please call me at you convenience: 804.328.3142.

Sincerely

Paul M. Baldwin, Jr.
