Amendment request for NRC License #29-30906-01 03036845

Dear Mr. Nicholson,

Signum Biosciences' Radiation Safety Officer, Scott Dennerlein, spoke with you this morning about our recent amendment request. We have agreed that the proposed authorized user Gopal Samgadhara will work under Mr. Dennerlein's direct supervision for a period of six months. During that time, handling precautions, as well as emergency response activities will be discussed.

Thank you in advance for your time and effort. Do not hesitate to contact me at 732 329-6344 if you have any questions.

Sincerely,

Maxwell Stock
