RE: NRC license 29-17475-01

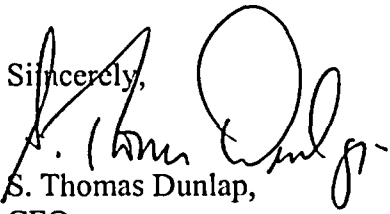

I request an amendment to this license at the 475 Cranbury Road, East Brunswick, NJ location. We are adding a room for cardiac stress testing. The equipment in the room will include a treadmill, bed, and patient monitoring equipment. Technetium-99m will be used for cardiac imaging. The room will be surveyed for exposure each day of use. A wipe test will be performed at least weekly.

A floorplan is included as Attachment 1.

Please direct all questions regarding this matter to

Robert J. Tokarz, Radiation Safety Officer

Sincerely,

S. Thomas Dunlap,
CEO
