Subject: Additional information concerning renewal application			
<p>Summary:</p> <p>5/24/05 - Contacted Mr. Quick to request additional information about operating and emergency procedures concerning renewal application. I left a message and am waiting on response.</p> <p>5/25/05 - My call was returned by Jack Riley who explained that he is a consultant to Lucent helping Richard Quick with his RSO duties. I called Mr. Riley back to ask about the emergency procedures. He did not have a definite answer and said that he would look into it and get back to me as soon as he could.</p> <p>5/31, 1:59pm - Mr. Riley called back. He stated that after looking at what the former RSO submitted, he came to the conclusion that there were in fact no changes to the emergency procedures from the current license. I asked if he could fax a statement to me stating that and I would be able to continue with the review.</p>
