<p><u>Summary:</u> I spoke with Mr. West about the licensee's May 19, 2005 amendment request. I asked Mr. West if the licensee had given him anything in writing indicating that he could sign documents requesting changes in the license since he was not a member of senior management. Mr. West stated that he was the Radiation Safety Officer but not a member of senior management. I told him that a letter could be drafted by senior management indicating that they have reviewed the May 19th letter and agree with its contents and state that, in the future, Mr. West could have signature authority for making changes in the license. I then requested information on what Murat Karatepe, M.D. was to be authorized for on the license. Mr. West stated that he would look into the matter and send a reply next week.</p>
