Subject: Renewal Application			
<p>Summary:</p> <p>The licensee's renewal application had the mailing address (PA) that was different from the address on the current license (NY). The application also did not include the information required in NUREG 1556, Volume 2. I called the licensee to verify their mailing address and to request another application that included the information requested in NUREG 1556, volume 2.</p> <p>Mr. Miskell told me that the mailing address should not be changed and that he will send the other requested information soon.</p>
