S. Thomas Dunlap  
University Radiology Group, P.C.  
(East Brunswick)  
579 Cranbury Road  
East Brunswick, New Jersey 08816

Dear Mr. Dunlap:

SUBJECT: Inspection Report

This letter is in reference to the inspection conducted on May 26, 2005 by Catherine Biel of the Department of Environmental Protection's Bureau of Environmental Radiation of activities authorized by New Jersey State Radioactive Materials License **20190/02** and to the discussion of the inspection findings with Mr. Robert Tokarz at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and compliance with NJSA Title 26:2D, the Radiation Protection Act, NJAC 7:28, the Radiation Protection Code and to conditions of your State Radioactive Materials License. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel and measurements and observations made by the inspector.

During the inspection, no items of non-compliance regarding the use of New Jersey licensed radioactive materials were disclosed. However, activities involving radioactive material not licensed by the State of New Jersey appeared not to be in full compliance with your facility's Radiation Safety Program.

03012816

Specifically, weekly contamination surveys were not performed from 9/24/04 to 10/28/04. During this time, our inspector was informed by the radiation safety officer that only NRC licensed materials were utilized.

No reply to this report is required. A copy of this letter is being forwarded to the United States Nuclear Regulatory Commission (US NRC). If you should have any questions concerning this inspection or any related matter, please contact this office at (609) 984-5462.

Sincerely,

A handwritten signature in black ink, appearing to read "William P. Czarza". The signature is fluid and cursive, with the first name "William" being the most prominent.

William Czarzar, License Administrator  
Radioactive Materials Section
