Subject: Request for Amendment to NRC License Number 20-00315-02

Reference: Subject license, amendment 32, U.S. Army Soldier and Biological Chemical Command.

This is to request a change in the licensee name from "U.S. Army Soldier and Biological Chemical Command, Soldier Systems Center" (SBCCOM) to "Natick Soldier Center" (NSC). To correspond with this name change, please also change our attention line from "ATTN: AMSSB-OES (N)" to "ATTN: AMSRD-NSC-D."

These changes are needed because the former installation owner (SBCCOM) was dissolved on October 1, 2003 and the new installation owner (U.S. Army Installation Management Agency) stated that the user of this license, i.e. NSC, would be responsible for the license.

There has been no change in management, personnel and responsibility for this NRC license even though our name has changed.

Point of contact for any questions regarding this request is David Querim, NSC Radiation Safety Officer, (508)233-4313, [david.querim@us.army.mil](mailto:david.querim@us.army.mil).
