To Whom it May Concern:

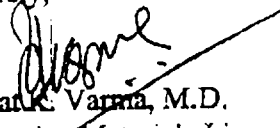

This letter is to affirm that Ramzi F. Nassif, M.D. has obtained supervised nuclear medicine, nuclear cardiology, clinical and work experience in our institution. This experience, preceptorship, began April 11, 2000 and continued through December 31, 2004.

During this clinical experience this physician examined patients and reviewed histories to determine the suitability for these procedures; selected the suitable radiopharmaceutical and dose; administered radiopharmaceuticals using a syringe shield; collaborated with an authorized user in the interpretation of the procedures and used the interpretation in the management of patients.

This physician also obtained supervised work experience, which included, but was not limited to the procedures for ordering, receiving and unpacking radioactive materials. Calibrating the dose calibrator and other instruments, as well as checks for proper operation; calculating and preparing patient dosages; using administrative controls to prevent misadministration; using procedures to contain spills and decontamination procedures.

The total hours of concurrent supervised clinical and work experience during this period was not less than 1000 hours.

Sincerely,

Prabhat K. Varna, M.D.
