Name of Licensee:	Environmental Resolutions, Inc.	
Name of Participant(s):	Sattar Lodhi with Christopher Noll (President)	
Telephone No.	856 235 7170	
Subject:	Address of use and Model Numbers	
(NOTE: This will be used as the Documents Title in ADAMS)		
Summary:	Current license has two authorized locations of storage. The licensee's revised application included only one of the locations. Additionally, the gauge model numbers did not appear to be correct. (One of the model number listed was Troxler 3340 )  I called the licensee to discuss these items. Mr. Noll returned my call and stated that omission of the second storage location was in error and they still have that storage location. He also stated that the correct model number is 3440, and not 3340.
