<p>Name of Licensee: Trinity College</p> <p>Name of Participant(s): Dr. Kathleen Archer</p> <p>Telephone No. 860-297-2538</p> <p>Subject: Request for More Information, License Renewal <small>(NOTE: This will be used as the Documents Title in ADAMS)</small></p>		
<p>Summary:</p> <p>I stated to Dr. Archer that the Trinity College license was limited scope and not a broad scope license. Dr. Archer in her application had stated that she authorized principle investigators to supervise the use of radioisotopes. I stated that based on the amount of radioactive material, Trinity College license should remain a limited scope and that she would need to submit the personnel names and background of those that would be principle investigators.</p> <p>I also discussed that all the sealed sources submitted in the application were exempt and did not need to be part of the license. I also confirmed that Dr. Frank Kirkpatrick is the proper management contact for the license and his telephone number is 860-297-2130.</p> <p>I discussed the need to only list Jacobs Life Science Building as the location of use. I stated that we would send a followup letter for the additional information needed.</p>		
<p>Action Required: Send a followup request for information letter.</p>
