Mr. Donald A. Macomber, Chief
Source and Special Nuclear Materials Section
Division of Licensing and Regulation
U. S. Atomic Energy Commission
Washington 25, D. C.

Dear Mr. Macomber:

Inasmuch as our allocations expire March 31, 1964,
we wish to request new allocations for our Hanatite, Missouri,
facility as follows:

<u>Enrichment</u>	<u>Amount</u>
20%	25 kgs. U
90%	50 kgs. U
93.15%	64 kgs. U

This will be used for miscellaneous orders, and will
be made into Uranium Metal, Uranium Dioxide and other Uranium
compounds for delivery to properly licensed organizations. The
Uranium Hexafluoride will be withdrawn from the APL only as
required to fill our orders and maintain a supply at our Hanatite
plant.

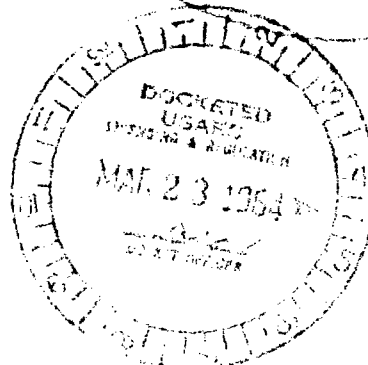

Please do not hesitate to get in touch with us should
there be any questions.

Very truly yours,

J. V. Lamber

Operations Control Manager
