<p>Name of Licensee: University of Puerto Rico - Agricultural Experiment Station</p> <p>Name of Participant(s): Dr. Victor Snyder (RSO)</p> <p>Telephone No. 787-767-8287</p> <p>Subject: License Termination RAI Update  <small>(NOTE: This will be used as the Documents Title in ADAMS)</small></p>		
<p>Summary:</p> <p style="margin-left: 40px;">The historical records Dr. Snyder has reviewed do not indicate that any burials or experiments in the greenhouse with RAM took place . The one Authorized User from that era with whom he spoke confirmed this. On Aug 15, he sent a letter to the former RSO asking him to call or write him on this matter. He has not received a response.</p> <p style="margin-left: 40px;">I asked Dr Snyder to call me in 1 week and provide an update. At that time, if he has received no response, I told him to send in a description of what he has done and a statement that no burials were performed and no use of RAM in the greenhouses occurred to the best of his knowledge.</p>
