Dear Mr. Weber:

It has come to our attention that Amendment No. 77 to NRC License No. 22-01519-02 contained an error.

In your letter dated June 29, 2005, you requested a Varian GammaMed HDR System, however, your license inadvertently authorized an MDS Nordion HDR System. Your license has been corrected to reflect Varian Medical Systems HDR Unit.

We apologize for any inconvenience this may have caused you.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. The enclosed license document is exempt from public disclosure in accordance with 10 CFR 2.390, because its disclosure to unauthorized individuals could present a security vulnerability.

Sincerely,

A handwritten signature in black ink, appearing to read "James R. Mullauer".
