Sharon,

Per our phone conversation earlier today, I'm forwarding the attached email to you. Just before noon today, July 25, the allegor left a voice message on my Hope Creek phone line informing me that he wanted to email me some concerns. I checked my voice mail shortly after noon (I'm presently in Chattanooga) and immediately called the allegor at his home and provided my email address. I have discussed the following with the allegor: (1) confidentiality: he did not request confidentiality, (2) internet correspondence: security can not be guaranteed when communicating through this medium, (3) he has no problem with the NRC referring his concerns to PSEG Nuclear if needed, and (4) he has discussed his concerns with his previous management (he used to be employed by PSEG Nuclear as a Hope Creek operations superintendent, I think he works for [REDACTED] now) and he has also discussed his concerns with the PSEG Nuclear ECP. I acknowledged receipt of his email via a return email and a voice message to his home phone answering machine [REDACTED]. I told the allegor that he could expect to hear back from you or Dave in the near future. *NC*

If you have any questions or need any further assistance, please let me know. Please acknowledge receipt of this email.

Thanks.

Joe
