EXPORT LICENSE SUPPLEMENTARY SHEET

CONDITIONS

CONDITION 1 - Licensee shall file with the Customs Officer or the Postmaster two copies, in addition to those otherwise required, of the Shipper's Export Declaration covering each export and mark one of such copies for transmittal to the U. S. Atomic Energy Commission, Agreements and Export Branch, Fuels and Materials, Directorate of Licensing, Washington, D. C. 20545. The following declaration should accompany or be placed on the Shipper's Export Declarations for such exports:

"This shipment is being made pursuant to specific license number (specific license number), filed at (location of Customs office where license is filed), on (date license was filed). This license expires on (expiration date of license), and the unshipped balance remaining on this license is sufficient to cover the shipment described on this declaration."

CONDITION 2 - Exports authorized to any country or destination, except Country Groups Q, S, W, X, Y, and Z in Part 370, Supplement No. 1, of the Comprehensive Export Schedule of the U. S. Department of Commerce.

CONDITION 3 - This license covers only the nuclear content of the material.

CONDITION 4 - The material to be exported under this license shall be shipped in accordance with the physical protection requirements for special nuclear material in 10 CFR 73.

CONDITION 5 - No special nuclear material authorized to be exported under this license shall be transported outside the United States in passenger-carrying aircraft, except individual shipments of less than 350 grams of uranium 235, uranium 233, plutonium, or any combination of these.

CONDITION 6 - This license authorizes export only and does not authorize the receipt, physical possession, or use of the nuclear material.
