Agreements & Exports Branch
Fuels and Materials Licensing

cc: Materials & Services Branch, DIP

We have received written confirmation from

Canada

, that the above material,
proposed for export, will be subject to all the terms and conditions of
the following Agreement for Cooperation: *U.S. - Canada*

which entered into force on _____; and that the
ultimate consignee is authorized to receive and possess the material.
We are of the opinion, therefore, that the issuance of the export license
would not be inimical to the interests of the United States.
