CONTROL PLANS, DOCKETS 70-36 AND 70-371 MAY 23, 1966

DML:CB:RLS

In response to suggestions in your letter of February 18, 1966, UNC has revised four pages of the emergency control plan for the Hematite facility. We see no objection to your approval of the revisions.

The submittal also includes a revised page for the New Haven plan. The changes incorporated in the revised page 2 of 6 in Section III are minor and we recommend approval.
