Subject: Re: HC SSDI SSW

Although there were a number of earlier discussions on this issue, I believe today was the date that DRS made the final determination that there was sufficient evidence of SSW to pursue the matter at a panel meeting. I would reference Wayne Schmidt's 7:44 a.m., 2/3 e-mail. I'll send you a copy.

Appended are forms related to a potential SSW issue that was identified during a HC SSDI. DRS (Doerflein, Schmidt, Pindale) will be sponsoring the discussion on this issue and they are requested to participate either in person or by phone.
