I worked late on these seven ARB forms last night. I want to send you this early draft, so you have something in hand prior to the ARB this week. My intentions are to review these ARB forms with the residents tomorrow. I would ask that you hold off on publishing them until I talk to them.

Hey guys - Pls take a look at the attached. I would like to discuss them with you some time today. All I'm looking for is some verbal feedback on any comments you may have or any needed changes. Mel I need to talk to you about 0033. I need to give the go ahead prior to a Thursday afternoon ARB.

No - none of your allegations got paneled last week - you have a lot of work to do to take all of them to an ad-hoc this week. We're waiting on panel sheets. Thanks.

What day (other than Wednesday) do you want to have it?

Did this allegation get reviewed last Tuesday?
