Dave,

After the rereferral letter for 2004-0020 came to us for concurrence this morning, Bill Cook (in place of Barber) concurred to help Gene with his concurrence, and in the process, helped me make some changes to the wording in the enclosure. I have incorporated his changes to the enclosure, in our Branch 3 file that I can access (the one that I submitted prior). Please review and do the OAC additions, and get back to me or Gene so he can finally concur.

Thanks very much
Anne
