Subject: Re: QUESTION REGARDING SECURITY REPORTING

Speeding tickets are fine

RS

A question was raised during the APM on the Salem DUI issue whether an employee was required to report certain speeding tickets to their employer. (Two speeding tickets are the only thing that OI has turned up in their search for a DUI.) Could you tell us what the NRC regulations and PSEG's procedures state regarding this issue? (We know that the NRC security clearance package requires reporting speed tickets above a certain amount, so licensee's would presumably have a similar security requirement.)

Thanks Greg!

Rich
